Good morning, Ron,
Please save this to SEMS for Smokey Mountain Smelters.
Thank you,
Scott

Scott.

As you know the file is pretty big so I am sending you a link from my public folder on drop box. We never received the transcript of the public meeting so there is nothing in the Appendix but you probably already know that. Let me know if you need anything else or you have trouble downloading the file.

Scott,

Yeah. After we made the PDF I noticed in the appendix some highlighted costs in yellow. This was in the previous version we had sent and I think we should un-highlight the cost. This means we have to go back to the original fix the problem and redo the PDFing. Hope to finish today. Also noticed one section was full justified and we fixed that.

Sorry for the delay.

Arnie

Hello Arnie,
Are you good with this?
Thanks,
Scott

Hello Arnie,
Can you go ahead and make the changes and PDF the changes to us?
I think Bill would like to see it in final without the figure reservations.
Thank you,
Scott

Hi Scott,

Can you have them send you a pdf so we'll know what the final looks like? It's good to see the table and TOC revisions made.

Thanks,
Bill

Hello Bill,
Attached is the Smokey Mountain Smelters ROD Final markup version. There are figure placeholders in the document so it looks a little strange (i.e. appears as blank pages). I believe that they have addressed the requested Table and TOC changes etc.

Please let me know if you agree.

Thank you,

Scott Miller
